

124 Bus Service to Thame

The parish council is still working with Thame Town Council and with OCC to save the bus service between Watlington and Thame using either the current operator, Vale Travel, or the County's Internal Transport Unit. We have a meeting with the County on Thursday 7th which should clarify the options a bit. In the meantime it has been pointed out to us that the extended T1 service to Chinnor will provide a more frequent service to Thame, although less convenient, than we have had in the past. The timetable below will be available from Monday 25th July. The trip to Thame will require a change of bus in Chinnor.
